Meals and dining experiences

At HammondCare, we believe that good food, good company and a welcoming atmosphere are what makes a house a home. Our nutritious fresh, home-style meals served in the Sinclair Cottage relaxed social dining area brings pleasure to all each day.

All meals are freshly cooked at Sinclair Cottage and tailored to each person's individual needs, including religious and cultural preferences. We recognise the importance of food quality and nutrition, but also delicious appetite appeal.

The kitchen is the hub of the cottage, where everyone has the opportunity socialise and participate in meal preparation.

“ Mum is naturally a very social person, but since her dementia diagnosis, she has been more hesitant to be social. The Social Club brings her out of her shell, which is really warming for us to watch.

The staff at the Social Club really do go above and beyond for mum. It was her birthday recently, and to celebrate, they organised a cake for her. Mum looked so bright and cheerful on her special day. She was even wearing a tiara! ”

– Pat, Maisie’s daughter
