

Care and support when it's needed the most

Residential Respite Care and Palliative Care at HammondCare North Turramurra

HammondCare, recognised leaders in residential aged care, is proud to offer respite and palliative care services at North Turramurra for people with complex health needs and those living with dementia.

As an independent Christian charity, we champion life for every person in our care. No matter what someone's circumstances are, we will do whatever we can to improve their quality of life.

Respite Care

A vital break for carers, while those they care for are comfortable, safe and supported

When you are a carer, it's important to take some time out to rest, recharge and even go on holiday. HammondCare offers temporary 24/7 respite care provided by our team of specialist trained carers.

Respite residents enjoy all the benefits of residential care including specialised clinical care, support with daily tasks, a wide range of social activities, plus delicious meals prepared fresh daily.

Palliative Care

Compassionate and expert care when every moment counts

HammondCare offers compassionate and comprehensive palliative care services for residents who are living with a life limiting illness.

Our multi-disciplinary care team tailor specialised care to residents' individual needs, including those living with dementia, supported by the latest research and best practice.
