

Greenwich Hospital Update - April 2026

Dear neighbours

We're writing to share an update on local works related to the Greenwich Hospital Redevelopment, including upcoming Lane Cove Council road and footpath restoration, and recent changes on the hospital site.

Council road and footpath works

As part of the Greenwich redevelopment, Lane Cove Council will be undertaking road and footpath restoration in the local area.

These works are separate from current construction activity on the Greenwich Hospital site. Location of the works will be along **River Road, St Vincents Road and Kingslangley Road**.

Works are expected to commence from **mid April 2026**. Some activities may occur over multiple days, subject to weather and site conditions

These works are being delivered by Council, however we wanted to make sure nearby residents were aware they may notice short term activity in the area.

A final farewell from some of the team.

Update on the Greenwich site

Since our last update, key changes have taken place as the project moves into construction phase.

All services have now transitioned from the Greenwich campus and are operating from their new locations:

- inpatient palliative care at Neringah Hospital, Wahroonga
- older persons' mental health services at HammondCare Riverglen, Building 50, Macquarie Hospital, Ryde
- ambulatory, bereavement, pain telehealth, community palliative care and restorative care at the HammondCare Pacific Centre, 38 Pacific Highway, St Leonards.

Construction site establishment

Hindmarsh, our appointed builders, have now formally taken possession of the site to commence early works.

Perimeter fencing and hoarding is currently being installed to secure the site and early demolition activities will begin shortly, ahead of main construction.

Construction hours reminder

Construction hours will be:

- 7:30am – 5:30pm, Monday to Friday
- 8:00am – 1:00pm, Saturdays

Stay in touch

If you have any questions or concerns, please contact us at askgreenwich@hammond.com.au.

Important project updates are also available on our website. www.hammond.com.au/greenwich-development.

We appreciate your continued understanding and support as we progress this important project for the community.
