

How to remain independent at home with the help of home care support

There are three main routes to accessing care at home

1

Commonwealth Home Support Programme (CHSP)

Entry level care

Government funded

For low level care and help with activities which are becoming a little difficult to manage

2

Home Care Package

4 levels of high care

Government funded

Support for those with more complex needs, including dementia to keep living at home

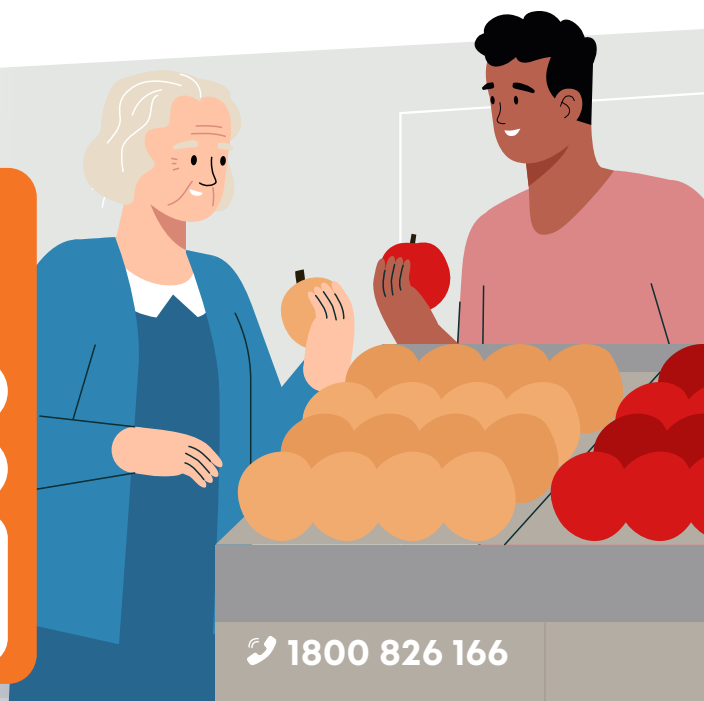

3

Private Care

Low and high level care

Self-funded

Assisting with all home care support, tailored to the individual's specific care requirements

Key steps for home care help

1.

Apply for Government funding

Request an assessment through the My Aged Care website myagedcare.gov.au/help-at-home

2.

Take part in an assessment

Arranged through My Aged Care, an assessor will visit your home and discuss your home care needs.

3.

Find a home care provider

If eligible for funding, or you opt to self-fund, choose your home care provider – HammondCare can guide and assist you to find the right solution.

4.

Enjoy your personalised home care

Work in partnership with us (as your chosen provider) as we help to manage your personalised home care services, available for you to enjoy.
